

VAISHNAVI VILAS ACHARI

PROFESSIONAL SUMMARY

Recent Computer Science Engineering (CSE) graduate (CGPA: 9.04) with hands-on Java Full Stack Development experience in React.js, Spring Boot, Node.js, MySQL, and REST APIs. Built two production grade projects a real-time sign language communication platform and a multi-vendor e-commerce platform along with a Java Full Stack internship. Known for writing clean, reliable code and staying dedicated to every project until it's done right. Looking to bring strong technical skills and a genuine work ethic to a full-time Software Development role.

TECHNICAL SKILLS

Programming Languages: Java, Python, C

Web Technologies: HTML, CSS, JavaScript, React.js, Tailwind CSS, REST APIs

Backend & Frameworks: Spring Boot, Node.js, Express.js, PHP

Databases: MySQL, MongoDB

Tools & Platforms: Git, GitHub, Docker, VS Code, IntelliJ IDEA, Eclipse, Jupyter Notebook

Other: Data Structures & Algorithms, JWT Authentication, WebRTC, Socket.IO, TensorFlow.js, MediaPipe, Machine Learning (Beginner)

EXPERIENCE

Java Full Stack Intern — Ethnotech Academics Solutions Pvt. Ltd., Bengaluru Feb 2026 – May 2026

- Developed and deployed full-stack web application modules using Java, Spring Boot, React.js, and MySQL, following industry-standard software development practices.
- Gained hands-on experience in frontend-backend integration, REST API development, and relational database management.
- Collaborated in a professional team environment using GitHub for version control and deployment workflows.

PROJECTS

Real-Time Sign Language Communication Platform

Technologies: *React.js, Node.js, WebRTC, Socket.IO, TensorFlow.js, MediaPipe, MongoDB, JWT, Web Speech API, Express.js*

- Designed and developed a real-time platform enabling seamless interaction between hearing-impaired and non-hearing-impaired users.
- Built bidirectional communication converting sign language gestures into text/speech and spoken language into readable text using WebRTC, MediaPipe Hands, and browser-based processing.
- Implemented gesture detection via hand-landmark tracking with TensorFlow.js and MediaPipe, with secure JWT-based authentication.
- Integrated Socket.IO and MongoDB to enable live captions, gesture-based communication, and efficient real-time data handling.

MarketHub — Full-Stack Multi-Vendor E-Commerce Platform

Technologies: *React.js, Spring Boot, Java, MySQL, Tailwind CSS, REST APIs, GitHub*

- Built a full-stack multi-vendor e-commerce platform for customers, vendors, and administrators to manage online shopping activities.
- Implemented user authentication, product management, shopping cart, wishlist, order tracking, and secure payment integration.
- Developed responsive UIs with React.js and Tailwind CSS; built RESTful APIs and backend services using Spring Boot and Java.

- Managed MySQL database operations and implemented role-based access control (Admin, Vendor, Customer).
- Integrated advanced features including Voice Search, Vendor Analytics Dashboard, and QR Code Payment System.

Car Rental Website

Technologies: *HTML, CSS, JavaScript, React.js, PHP, Node.js, MySQL, XAMPP, Git*

- Developed an online car rental platform with features for vehicle search, booking, scheduling, secure payments, and booking tracking.
- Built an admin panel for fleet management, pricing control, and customer record management.

EDUCATION

B.E. in Computer Science and Engineering

CGPA: 9.04

Karavali Institute of Technology, Mangalore

2026

Pre-University — PCMB

83%

Government PU College, Karwar

2022

SSLC (Class 10)

91.68%

Bapuji Gramina Adarsha Vidyalaya, Devalmakki, Karwar

2020

CERTIFICATIONS & TRAINING

- Privacy and Security in Online Social Media — IIIT Hyderabad
- E-Business — IIT Kharagpur
- Java Full Stack Development Internship — Ethnotech Academic Solutions Pvt. Ltd., Bengaluru
- Placement Preparation Programme — IIT Bombay (Abhyuday, IIP)
